As the parent or guardian of this student, I have read the Acceptable Use of Networks, Internet, and Computing Resources Policy. I understand that this access is designed for educational purposes, and that the Shikellamy School District has taken precautions to eliminate controversial material. However, I also recognize that it is impossible for the Shikellamy School District to restrict access to all controversial materials, and I will not hold them responsible for materials acquired on the Internet. I have discussed this policy with my child and have informed him/ her that he/she needs to abide by the Acceptable Use of Networks, Internet and Computing Resources Policy or he/she can be denied Internet and/or network access, receive disciplinary action, or could be subject to legal action.
